As the days of the tree shall be the days of my people.
Isaiah 65:22

The world is green and delightful and Allah has made you a custodian over it and is observing carefully how you deal with it.
Hadith

For God so loved the world...
John 3:16

Religious traditions may be different...

But one thing all our faiths have in common is a responsibility to care for creation - the world around us.

As the days of the tree shall be the days of my people.
Isaiah 65:22
In all religions, we as humans are called to be keepers of the earth.

SAFCEI encourages people of all faiths to take on this responsibility -

- as individuals…
...congregations...

...and communities.

Taking action that drives positive change for a healthier and more peaceful world -

- because it is our responsibility as keepers of the earth.
